Instructions -

Step 1 - Cut a piece of DSP, 4-1/2" x 6".
Score along the 6" side at the 3" mark. Fold piece in half.

Step 2 - Stamp the butterfly image onto the front of the card so the tips of the wings are stamped 'off the edge' of the fold.

Step 3 - Using a pair of Scissor Snips, cut around the outer edge of the butterfly image through both layers, making sure the wings stay joined together at the top edge.

Step 4 - Score through the middle, horizontal section of the top butterfly and fold down the lower section as shown.

Step 5 - Stamp another butterfly image onto a piece of DSP (4-1/2" x 3-1/4") and cut it out with Scissor Snips, including the antennae.

Step 6 - Add glue to the lower, folded section of the butterfly card base and attach the single butterfly cut out.

Step 7 - Stamp a small sentiment; cut it out and add a small strip of Foam Adhesive Strips to the back.

Step 8 - Stick the sentiment to the middle section of the card base to form an easel for the butterfly.
