## Instructions –

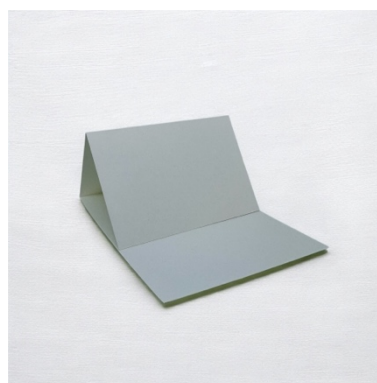

1. **Card Base** – Score along the long side of the White Card Stock at the halfway mark - 5-1/2" (14.8cm) to form a Portrait Card Base.
2. Fold the top piece in half (Mountain Fold) to form the easel section.
3. Glue one piece of patterned paper to the card base and the other to the easel section.

## Cutting Dimensions

(Use either inches *or* centimetres – do not use a combination of both)

### A4 (Centimetres)

1. Card Base: White Card Stock – 10.5cm x 29.6cm
2. Patterned Paper Card Mats:
  - a. Base - (H)14.3cm x (W)10cm
  - b. Top Easel - (H)14.3cm x (W)10cm
3. Butterfly Easel: Mauve Cardstock – (L)6.4cm x (W)6cm
  - a. Easel Base - Score along the length at the 3.2cm (halfway) mark.
  - b. Single Plain Butterfly (H)4cm x (W)6cm
  - c. Detailed Butterfly (Frost White Shimmer Cardstock) (H)4cm x (W)6cm

4. **Easel Section** – Take the **fifth largest** Stitched Hexagon Die and position it in the centre of the easel section along the fold. Cut out using a die-cutting machine.

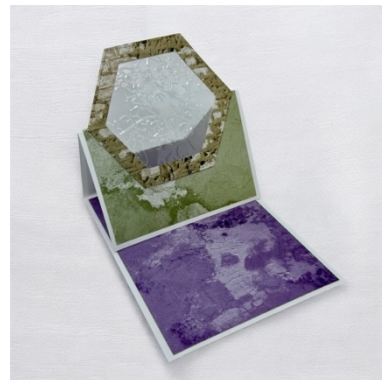

5. Place the **third largest** Stitched Hexagon Die and nest the **fifth largest** one inside it. Cut out a frame with contrasting patterned paper.

6. Repeat the previous step so you end up with two frames.

7. Die-cut a hexagon from acetate using the **fourth largest** Stitched Hexagon Die. Emboss this piece with the Leafy Garden 3D Embossing Folder.

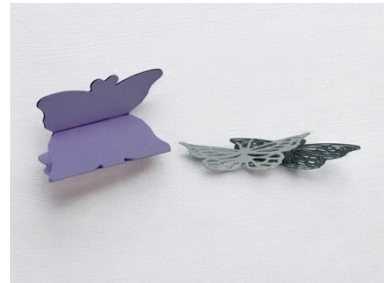

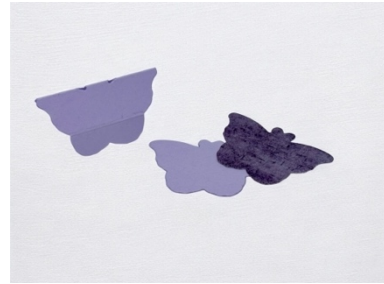

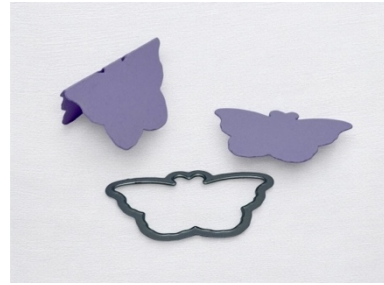

8. Layer the acetate piece between the two frames and glue each layer together.

9. Glue the lower half of the frame to the front opening on the easel section as shown.

10. **Embellish** – Attach die-cuts to the frame using a combination of foam dots and glue.

11. **Butterfly Easel Stopper** – Use the smallest butterfly dies from the trio.
12. Align the smallest, plain butterfly die just slightly above the folded edge of the easel base. Run it through the die-cutting machine to form the butterfly easel base.
13. Die-cut a single plain butterfly from cardstock and one from patterned paper.
14. Score between the wings on the front piece of your butterfly easel card base and fold the bottom section of the butterfly downwards.
15. Glue the patterned butterfly die-cut to the mauve die-cut and glue to the lower, folded section of the butterfly easel base.
16. Die-cut a detailed butterfly from Frost White Shimmer Cardstock and glue the abdomen to the patterned paper butterfly. Stick three pearls onto the abdomen.

17. Attach the base of the butterfly easel to the middle of the card base with Adhesive Foam Dots (about 2-1/4" or 5.5cm down from the centre fold).
18. Glue an embossed die-cut label to the card base and attach another butterfly to the lower-right section with a foam dot.
19. Optional: Decorate the envelope with an embossed die-cut.
20. To close the card, flatten down the small butterfly easel card, fold down the large easel section and flatten down the top half of the hexagon frame. It will easily fit inside a standard card size envelope (A2 or C6).
